Delivery

At Mesh Direct we are committed to giving you the best possible products, prices and service. Mesh Direct makes every effort to ensure that your goods are delivered within the specified delivery times by using accredited couriers. However, our delivery service times or scheduled delivery days are not guaranteed.

Non-delivery should be notified to us within 14 days of order confirmation. Customers in the Scottish Highlands should allow at least one extra day for delivery. All deliveries must be signed for by the customer or by a person acting on behalf of the customer. Customers requesting products to be left without signature do so entirely at their own risk and Mesh Direct will not be liable for any claim for missing items once they have been left by our approved courier.

Should any product purchased from Mesh Direct be found to be damaged upon delivery* or faulty then we will be pleased to arrange replacement or a refund for the item purchased. Please note that where there is no obvious damage to goods from the external packaging, all deliveries must be inspected. Any damage to the goods discovered once the goods have been unpackaged must be notified to us within 7 calendar days. * If goods are found to be damaged upon delivery, they must be signed for as damaged.

Cancellation and Returns

1.) Cancellation and Returns for private consumers

In the event of a private customer purchasing an item by mistake or simply not requiring the items from Mesh Direct then you should notify us in writing, either by post or by e-mail (sales@meshdirect.co.uk), that you intend to return your order (you must notify us **within the period of 21 calendar days starting on your order date***).

We will be pleased to arrange for an exchange or refund, provided that the item/s are in new and unused condition and contained in original undamaged packaging. Goods should be returned to us at the "Address for returns" shown below.

*The returns deadline doesn't affect your statutory right to return, which is 14 calendar days starting on the day after you receive your order for private customers.

It will be the responsibility of the customer to pay the return costs of the unwanted item/s by courier or signed-for mail.

You should be able to find a competitive courier cost on the Parcel Monkey website www.parcelmonkey.co.uk.

For customers not wishing to make their own arrangements to return the items to us, we can instruct an insured courier on their behalf to collect from their premises. The charge for this service is based on the overall weight of the items being returned to us. For Mainland UK (Excluding Scottish Highlands and offshore locations) the cost is £19.98 for returns up to 20kgs, plus 38p per kg thereafter.

For returns from the **Scottish Highlands** there is a returns supplement of £29.99 in addition to the above cost. For returns from the **Isle of Wight** there is a returns supplement of £14.00 in addition to the above cost.

Should our courier not be able to collect goods due to no-one being available at the collection address on the pre-arranged day of collection, full charges will be made for a new collection booking (in addition to the original collection charge).

Please note that the above collection charge will be deducted from any refund in the event that the goods are refused on delivery.

Please also note that only the standard delivery element (if any) of the outgoing carriage will be refundable. Enhanced delivery service charges, such as "Next Day Delivery" costs, will not be refunded.

There is no automatic right to return a part order. However, if you wish to return part of an order, please contact us to discuss the options. **We are also not able to accept returns of any goods which have been cut to size.** This statement does not affect your statutory rights as a consumer.

2.) Cancellation and Returns for businesses

Businesses purchasing from Mesh Direct do not have a legal right to return goods for a refund. However, we will consider returns for businesses subject to a 15% re-stocking charge. In the event that we accept goods for return, then a credit will be offered for use against a future order (we are not able to offer a refund). Please note that we do not accept returns for orders placed by purchase order or on account.

Businesses must notify us in writing, either by post or by e-mail (sales@meshdirect.co.uk), that you intend to return an order (you must notify us ***within the period of 21 calendar days starting on your order date***). We will be pleased to arrange for an exchange / credit note, provided that the items are in new and unused condition and contained in original undamaged packaging.

This policy does not apply to returns of a part order. However, if you wish to return part of an order, please contact us to discuss the options. **We are also not able to accept returns of any goods which have been cut to size.**

Please also note that we do not offer a courier collection service for businesses. Therefore, you must arrange for the goods to be returned to us at the below address. In the event that goods are refused on delivery, a return delivery charge and 15% re-stocking charge will be applied.

Privacy Statement and your rights under GDPR

Introduction

This Privacy Statement explains in detail the types of personal data we may need to collect from you when you order from us or submit a query to us, together with how we'll securely handle and store that data.

The privacy of all our offline and online customers is extremely important to us and we are committed to protecting your privacy.

We trade as Hanscan Limited, and will be the “controller” and “processor” of the personal data you (as a customer) provide to us. Mesh Direct is a trading company of Hanscan Limited. For simplicity throughout this statement, “we” and “us” means Hanscan Limited and Mesh Direct.

Reasons for collecting and processing personal data

There are a number of different reasons, as set out within the law on data protection, for which we may collect and process your personal data. These include:

1. Consent – you have given us clear consent for us to process your personal data for a specific purpose; e.g. If you tick a box confirming you would like to receive updates from us.
2. Contract – processing your data is necessary for a contract we have with you; e.g. in order for the courier to deliver your parcel we will need to obtain your address and contact details.
3. Legal obligation – the processing is necessary for us to comply with the law; e.g. we have a responsibility to pass on details of people involved in criminal activity to the appropriate law enforcement agency. We have a legal obligation to retain appropriate records, for example for accounting purposes.
4. Legitimate interests – the processing is necessary for our legitimate interests insofar as it may reasonably be expected as part of the running of our business; e.g. selling and supplying goods, or handling customer queries.

What personal data do we collect?

You usually provide us with your personal details when you:

- create an online account with us;
- purchase a product over the telephone or online;
- leave a review or query on our website;
- contact us via our Live Chat; or
- e-mail an order or enquiry to us.

The nature of the personal data provided can include, but is not limited to:

- Name
- Company name
- Billing/delivery address
- Email address
- Telephone number
- Credit/debit card details

We do not collect or hold any highly sensitive data, such as health details/religious or political views. Our data is

the minimum required to complete orders, and unless otherwise agreed with you is only basic personal data.

How and why we collect your personal data

In order to process and deliver customers' orders we need to collect certain details from you, which we may keep for a reasonable period of time afterwards to ensure customer satisfaction with the product(s) ordered and to facilitate repeat orders. In addition, your details will usually need to be passed to a third party courier in order for the item(s) to be successfully delivered. We need to collect your personal data during the checkout stage of ordering to ensure that we can process your order and comply with our contractual and legal obligations.

We also need to ascertain certain details from you to respond to customer queries or complaints (either verbally or in writing). We may keep a record of these to inform any future communications.

We do not monitor or analyse specific personal data and we do not use your personal data to generate income unless you have specifically consented to receiving offers or marketing material from us. We do collect and analyse certain website usage data for legitimate business purposes but this is not specific in nature and does not contain customers' personal data.

We may use technology to track the patterns of behaviour of visitors to our website. This can include using a "cookie" which would be stored on your browser. The information collected in this way can be used to identify you although you can modify your browser settings to prevent this.

How we protect your personal data

Data security is of the utmost importance to us, and we have implemented a number of measures to keep your personal details safe. The administrative access to our websites are password protected, and third party websites which hold customer data are also secured with regular password updates.

We have taken steps to protect our websites from a cyber security attack, and regularly test our security measures. We also have internal policies setting out our data security approach and undertake staff training on this topic.

The personal information that you provide will be held securely in accordance with our internal security policy and the law.

How long will we keep your personal data?

Whenever we collect or process your personal data, our intention is to keep it for the purpose of assisting each individual customer, until such time that the information would no longer be useful for processing repeat orders.

Who do we share your personal data with?

The day-to-day running of our business requires us to sometimes share your personal data with trusted third parties. For example, in order to deliver your order we will need to provide our external couriers with your address and contact details. Other parties who may have secure access to your data include our website developers (access only), external suppliers where goods are sourced for customers, and Hanscan Limited employees (in their capacity as data processors).

In order to keep your data safe, we only provide the information third parties need to perform their specific services. We work closely with them to ensure that your privacy is protected. No personal information is sold or traded to any party outside Hanscan Limited.

What are your rights over your personal data?

You have the right to request confirmation of the personal data we hold about you at any time, together with the right to amend any aspect of your personal data if it is incorrect, out of date or incomplete. You can check the information we hold about you by emailing us at admin@meshdirect.co.uk and we will promptly rectify any inaccuracies.

Under the European General Data Protection Regulation (GDPR) in some instances you also have the “right to be forgotten” if you no longer want us to process your personal data and we have no other legal grounds to keep it. In cases where we are processing your personal data on the basis of our legitimate interest, you can ask us to stop for reasons connected to your individual situation. We must then do so unless we believe we have a legitimate overriding reason to continue.

If you have any questions about the information we hold about you, please contact us in writing at the below address:

If you feel that your data has not been handled correctly, or you are unhappy with our response to any request you have made to us regarding the use of your personal data, you have the right to lodge a complaint with the Information Commissioner’s Office. You can contact them by calling 0303 123 1113 or go online to www.ico.org.uk/concerns (opens in a new window; please note we cannot be responsible for the content of external websites).

Enforceability

In the event that any clause or part clause of these Terms and Conditions is found by the Court to be illegal, invalid, or unenforceable then that provision will be removed from these Terms and Conditions and will be rendered ineffective without, as far as is possible, modifying any other clause or part clause of these Terms and Conditions which will remain in full force.
